

## **Hubbs-SeaWorld Research Institute's Leon Raymond Hubbard, Jr. Marine Fish Hatchery**

The hatchery is located at 4200 Garfield Street in Carlsbad. Phone (760) 434-9501

### Directions:

#### From the North:

- Take highway 5 south to the Tamarack Avenue exit in Carlsbad
- Exit off the freeway (right turn, heading west) onto Tamarack Avenue
- Turn left (south) at the 4-way stop onto Garfield Street (see final paragraph).

#### From the South:

- Take highway 5 north to the Tamarack Avenue exit in Carlsbad
- Exit off the freeway (left turn, heading west) onto Tamarack Avenue
- Turn left (south) at the 4-way stop onto Garfield Street (see final paragraph).

The road reaches a dead-end after several blocks. At the very end, on the right hand side, there is a gated drive that leads down the hill. At the top of the hill to the left of the gate there is a call box. Push the Call button on the box and our hatchery staff will answer your call. After verifying your appointment, they will open the gate for your vehicle.

*Please note:* On weekends there are limited staff in the office to answer your call. Unless they know what time to expect you, they may not be able to hear your call.

## **IMPORTANT TOUR INFORMATION**

Parking - we have **limited parking** at the hatchery and cannot use neighborhood street parking. As such, your group needs to carpool as much as possible, and then park down at the hatchery itself. Please park in marked parking spaces, or check with hatchery personnel if no marked spaces are available.

**Attire - wear closed-toed, flat-soled shoes or boots because the hatchery is a wet environment and you will be asked to walk through sanitizing footbaths as you tour through the facility.**

### Other -

- Children must be supervised at all times
- For the safety of our animals no objects or hands should be placed in the water without authorization
- Photography is permitted.

**ENJOY YOUR TOUR!!**
